Hyland Crest To Hold Official Opening

WEDNESDAY, OCTOBER 5TH

Next Wednesday, October 5th, at 2:00 p.m., the official opening of the Senior Citizen's Home will take place. This has been a long awaited occasion, but it has certainly been worth every minute.

The Hon. Louis P. Cecile, Q.C.

Mrs. Muriel Medley

and Mrs. Muriel Medley will officially open Hyland Crest with a ribbon cutting ceremony. A great many dignitaries will be on hand to give their messages of praise.

It was back in June of 1962 that the Fellowship Group of the Carnarvon United Church Women realized the need for care and consideration for the Senior Citizens of this County. On Wednesday however, they will be able to sit back and look at their dream, in reality.

Although it took many hands and many different ideas to build this beautiful home, a great deal of the credit has to go to Mrs. Muriel Medley, who has spearheaded this project from the beginning. When hope seemed to die, along the rough road to completing this building it was Mrs. Medley with strong determination, and a will surpassed by few, who would gather together the loose ends and march forward once again.

The committee of Management, led by Chairman Mark Vasey, should also be congratulated.

N.I.B. ADVISORY COMMITTEE APPOINTS CAMPAIGN CAPTAINS FOR CANVASS

At the fall meeting of the Haliburton County Advisory Committee, Canadian National Institute for the Blind there were three main items of business. Reports were received of the examinations of 13 children suffering from serious eye defects that had been made during the summer by eye specialists in Peterborough. It was reported also by Mr. C. G. Hilborn, District Field Secretary C.N.I.B. that 5 new talking book machines have recently been provided for the blind people in our county. These new machines use tapes instead of the former records. Consequently the voice sounds much clearer and they are much easier to handle by the blind person.

At this meeting, plans were made to canvass the county for funds. Captains appointed were

Mrs. Lois Emmerson assisted by Mrs. Olga Black, Haliburton, Mr. Archie Stouffer, Minden, Mr. Clayton Rogers, Carnarvon and Mr. Ronald Barr, Gooderham.

October is campaign month. Please receive the canvassers kindly when they call. If you should be missed by the canvasser, please see that the above mentioned captain receives your donation.

THURSDAY SMILE

"So you're not bothered any more with relatives coming and staying?" asked Jim.

"No," answered Tom with satisfaction. "I borrow money from the rich ones and lend it to the poor ones, and none of them come back."

The advisory board of Mr. Frank Puffer, Mr. Berkeley Feir, Mrs. Kay Lunham, Mrs. Muriel Medley and County Clerk Frank Welch, have had many problems to face, but now their efforts are achievements.

The officials at Hyland Crest are extending an open invitation to everyone, to attend this history making celebration, next Wednesday.

FASHION SHOW IN HALIBURTON — WILL TAKE YOU INTO THE PAST

Some thirty-nine models will stage "Portraits Of The Past", on Wednesday, October 5th, at 8 p.m., in the Arena Auditorium, Haliburton.

This will be your only chance to see the Centennial Fashion Show here in this county. The show is being conducted to introduce historical costumes worn by Ontario women, who helped develop Canada. It is also being put on as part of the Centennial program to stimulate ideas and interest for next years celebrations.

The costumes are dated back to 1840 up to 1916, and should prove of great interest to everyone. The models are all from this county, with many of the High School students taking part.

The proceeds from this show will go to the Dysart Centennial Library Fund.

HALIBURTON MAN WINS KINSMEN HONDA DRAW

It has taken the Kinsmen Club here in Minden, three weeks to track down the winner of their Honda Draw.

At the time he purchased the ticket he was working with the amusement outfit, playing the Rotary Carnival this summer. However, the lucky winner is a Haliburton County native, from the village of Haliburton. Congratulations to Charles Main.

AUTUMN GLORY AT ITS BEST THIS WEEKEND - MANY ACTIVITIES IN MINDEN

If you like colour, make sure you get out of the house this week end. The colour here in our county will be at its peak. Haliburton County comes second to none, when you speak of autumn glory.

Man's best friend at this time of year, is his camera, and a quantity of film is a must. Any drive you take will be worth while. Along any lake, or county road will take you to colour un-surpassed anywhere. Panorama Park in Haliburton; Pikes Peak, here in Minden, or Aunt Sarah's Lookout, at Hall's Lake will no doubt be the popular areas for the colour seekers.

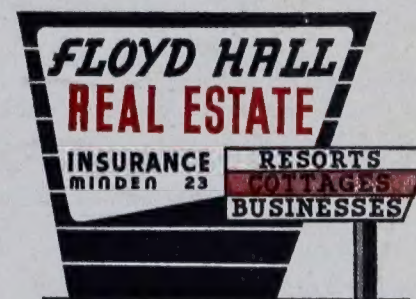

Here in Minden there will be a beehive of activity, as the Festival Committee have come up once more with activities to keep one occupied.

The curling club will be the high spot on Saturday night, as the Festival Dance swings into action at 7:30, with Jack Neville and his orchestra. Games of Chance will also be staged and should prove entertaining and exciting.

Sundays activities will feature a shooting match at the Rod and Gun Club on Highway 35. There will be targets for the amateurs, so all you local hunters get that gun cleaned, and sharpen up your eye at the shooting match, for the hunt season just around the corner. The shoot is scheduled to get under way at 1 o'clock.

Don't forget to look for the travelling Chuck Wagon — it will be in action around town serving pancakes and our own Haliburton Maple Syrup.

Make this week end an out-doors one for you and the family, there will be plenty of action in Minden and of course the colour throughout Haliburton County will be at its best.

FENWICK FINCH

A very nice letter in the mails this week from James S. Purves. It's printed in another section of the paper so you can read it there. Thank you very much James your good wishes are appreciated. There is not much danger in the column changing — the effort of writing "thought-provoking" columns is too much strain on my grey matter, such as it is — so we'll act on your suggestion and stay with what we have.

* * * *

In this day and age all of us tend to complicate things. We are prone to forget that people — no matter how influential they are — are, after all people.

Years ago in my newspaper days the following little experience points up how simple life can really be — if you don't complicate it.

There was a divorce case in the city I was working in. The newspaper wanted a photograph of the lady in question. They were a very influential family and everyone would tread lightly in their presence.

Several top-flight reporters tried their best to get a photo. No luck. A search was made of the city to see if a photographer had a picture, still no luck. The servants were tried but no amount of money offered could get them to come up with a picture.

Just when things were at their worst a young fellow in the office asked if he could try. The Editor, being desperate sent him out. As he left he asked the staff who he was — "just some kid we hired this morning, we're breaking him in."

An hour later the Kid was back and handed the Editor the wanted picture. He was a little bewildered at the commotion he was causing.

"How did you get this," asked the astonished editor.

"I went to the address you gave me, rang the doorbell and when the lady came to the door I asked her for a photograph — and, she gave it to me."

* * * *

So there it is — life is pretty uncomplicated unless you want to make it otherwise.

* * * *

For the first time in 17 ears our good friend Earl T. Monahan of Rochester, NY is unable to make his annual pilgrimage to Hospitality Inn.

Earl, as you all know is the greatest booster the Highlands of Haliburton have ever had. He never misses the opportunity to mention the Highlands in the numerous newspaper magazine articles he writes.

This September, Earl is off on a circle tour of Fort Ste. Marie at Midland with Dr. Wilfred Jury. Also in the party will be Bas Mason of the Government project and Father Caffery, Director of the Martyr's Shrine.

From Midland Earl goes to Sault Ste. Marie, Ironwood Michigan, on to Wisconsin and Minnesota then back to Wawa before returning home to Rochester — his trip will be filled with T.V. and radio appearances etc. and, knowing Earl as I do the Highlands will be mentioned at every opportunity.

* * * *

The Fall fairs are nearly all finished now. As I watched the "concessions" in action I couldn't help but think of the old proverb — "Man is the only animal that can be skinned more than once." How true.

Fenwick

HI NEWS

with Dianne Earle

After three weeks back at H.H.S.S. since the good ol' summer holidays, we have just about managed to get settled into the new routine. A new timetable boasting a six-day week with nine 45-minute periods each day, was quite a handful for the first couple of weeks, but now we're quite adapt at dating our notebooks, Day X, Cycle Y, instead of September 28. The change has proven to be a good one, and the variety it provides in a school week is welcomed by students and teachers alike.

We're lucky to have the opportunity to form our own clubs, to be held at noon hours, this year. Many students have taken advantage of this new scope, going to work and establishing such beneficial and fun-filled clubs as Folk singing, Drama, French Conversation, Yearbook, Chess, and Glee Clubs.

The GAA, and BAA, elected from each class of the student body, have been planning for the Field Day, today, with great zest. One of the highlights of our school year, Field Day has become a day of fun and healthy competition at H.H.S.S., and will it might be, for athletics have succeeded in playing an avid part in our school lives. We're well on the way to a prosperous school year, with our exhibitions of an excellently integrated academic, athletic, and social school life.

A reminder to you social minded students, help to promote school spirit (and support the Social Committee) by attending the SOCK HOP scheduled for this Friday night in the gym — and don't forget that the only acceptable footwear is — socks!

Might I encourage any of you ambitious, talented writers in the school to enter the essay contest sponsored by the Lion's Club, as advertised in the Progress last week. An opportunity to express your ideas on the one-reality, which has now become a mere concept — Peace, should not be turned down too quickly. And should you be a winner — well, a thousand here, a thousand there? — Just a suggestion.

I'm wondering if I'm the only one in the school with an opportunity to express her views in print. So — if I made available a "Sound-Off" section in my column, do you think you might make use of it? Surely, some of you must be just dying to "sound off" on some pet peeve, non? Well, opportunity knocks.

Business In Minden

MINDEN DRUG STORE

LORNE COBURN, DEDICATED CITIZEN AND BUSINESSMAN

When one speaks of the Minden Drug Store, he immediately pictures a white haired gentleman, who has to be Minden's most dedicated citizen and businessman.

Lorne Coburn is probably the most community minded man we have here in Minden. Lorne is completing his fourteenth year on the Minden Public School Area Board, he has been one of the stalwarts in Rotary, and served as President in 1954. He has served on the Board of Stewards in the United Church, and is presently an Elder. Lorne is on the executive of the Minden Area Businessmens association, filling the secretary's position.

Mr. Coburn was born in Alliston, it was here he was educated and served his apprenticeship, he graduated with his degree in Pharmacy in 1932. After receiving his degree he worked a year for Tamblyn Drugs in Toronto, and then went with Eatons in Toronto, from 1933 to 1949. His services here were interrupted from 1942-46, while he served a hitch in the Army, where he worked his way from private to sergeant, and travelled to such places as England, France and Belgium.

It was in March 1949 that Mr. Coburn purchased the Drug Store, then owned by Dr. A. Jamieson, and in 1950 moved the business to the New Hartle Building, where it is today, under the name of Minden Drug Store.

Mrs. Etta Brentnell is employed full time in the store, while Mrs. Hartle, Mrs. Vasey, Barbara Deacon, Dianne Johnson, make up the part time help, along with Mr. Coburn's wife and daughter Carolyn.

Carolynn is the only child in the Coburn family and is presently attending Victoria University at the University of Toronto, here she is in her second year.

The Minden Drug Store serves the community well, supplying everything in the line of drugs, cosmetics, gifts, camera supplies, candies, magazines, etc. Since he is the only Pharmacist in the community it is required of him to be on hand at all times to run the business.

Although he is still very much enthused in community work, he intends to spend more leisurly hours at his favourite past time on the golf course.

A man with as many sacrificed hours as Mr. Coburn has given to his town, certainly deserves more hours of leisure. It is men like this who take on some of the great responsibilities in a community, which make it a better place to live.

We hope Lorne enjoys many hours of leisure, for he has served, and is still serving his community well.

Pictured behind the counter is our friendly Druggist, Lorne Coburn.

Part time help, Mrs. Mark Vasey and Barbara Deacon, are shown setting up a new line of cosmetics.

WE ARE BEING MISSED — WHY?

It's driving me mad, to think that this county has as good, or better scenery and colour, at this time of year in North America — barring none, and yet, we are being missed on the big promotion pages in the dailies, TV, and radio — on this fall colour bit.

This county has what the people want to see, and this county needs the tourist revenue probably more than any other district in Ontario, and yet we are not getting the big plugs we need, on a National basis. Something is drastically wrong.

Is it the politicians that are letting us down? Do we lack the funds? Maybe it is the lack of knowledge — or the wrong approach? One of these things has to be the answer.

We read in the Toronto Star of, "Ontario's Biggest and Best Show", but scenic highway 35 and 121 through the Highlands, didn't even rate a mention. What places did rate a mention however, were such places as, Elora, outside of Fergus; Beaver Valley, over in my stamping grounds of Collingwood, on Georgian Bay; Hockley Valley between Bradford and Shelburne; Parry Sound district; Ganaraska Forest, between Newcastle and Peterborough; the closest mention we got was Algonquin Park, by way of Highway 11, 17 and 60, which by-passes the most beautiful scenery of them all — the Highlands.

We are a little sick of constantly reading and hearing about Muskoka — we agree that Muskoka has colour but I am sure people travelling want to be informed of all localities, and they are being misled, when they by-pass Haliburton County.

It is a rule of thumb, in the advertising game, that those who advertise the most, get most of the free publicity. Now this is probably what is happening here in Haliburton, we lack the funds to advertise heavily, and therefore miss out on all the free plugs.

Writing letters of disgust to these different mediums, when we are left out, could be the wrong approach. They would be filed under "G" for garbage, and never considered again. However, we have a suggestion for the Chamber of Commerce here in Haliburton, and also the Minden Businessmen's Association. We would have to handle this with a little polish.

We suggest writing letters to all the more prominent writers and newscasters, inviting them and their families to this fair county, for a free week end at one of our lodges, and if and when they come, we treat them like royalty, showing them what we have to offer. We are sure they will like what they see. If so, we have a good chance of cashing in on some of this big, free publicity. Of course this would have to be followed up a couple of times a year.

Now this is not going about the bush — but, good public relations.

LETTER TO THE EDITOR

Minden, Ontario
September 23, 1966

Dear Sir:

Just a line to let you know that as a relatively new resident of the town of Minden (exactly one year, Oct. 15, 1966), I think the column "Here and There", is most interesting.

The thing that really sparked me to write was the fact that you, in your last column, mentioned complaints about not giving anything to think about. Well ever since I've been a subscriber, something like 8 months or possibly a little longer, I've enjoyed the rather wide variety of subjects you have touched on and more than once had a very good laugh. However, should that column take a more serious vein what's the use in reading it. We get lots of comments from the editors items, from other fields, and occasionally sorry to contradict complainers, even from you; that should spark thought. A few laughs are good for one!

As I've said I enjoy your column and hope, but not on my say so alone, that you'll consider again before changing your writing habits.

I like it here in Minden, nice people, beautiful country, am not sorry I came here, otherwise I'd never have met Fenwick Finch. Keep up the good column.

Yours truly,

James S. Purves.

NOTICE

TO THE TAXPAYERS OF STANHOPE

This notice concerns the Memorial Gates in front of St. Stephen's Anglican Church at Boskung. These Gates were erected in memory of the boys who fought and died as a result of the War 1914-18, by the people of Stanhope Township.

At the Annual Meeting of St. Stephen's Cemetery Board held in June of this year, it was recorded into the minutes that a letter be inserted into the local papers regarding these gates which are now seriously in need of replacement or being re-built as soon as possible. One suggestion made was that these gates be removed from their present location and rebuilt at the rear of the Church as an entrance to the Burial Ground.

However, since the June meeting the general feeling of those who have given considerable thought and viewed the gates, is that they be left where they now stand. It is absolutely necessary that we remove the arches and rebuild the pillars.

Since these gates were erected as a Memorial by the people of Stanhope Township, we, the Board would like to know what you would like done to preserve them. Do you wish the arches removed, or should they be rebuilt? To rebuild them the cost could be quite high. To rebuild the pillars or posts only the cost would be moderate. The cost should not be borne alone by the St. Stephen's Cemetery Board or the Church.

However, we are more concerned as to what the people of Stanhope who contributed to these Memorial Gates initially, would like done to preserve them. They are dangerously close to falling down and something must be done immediately.

Could we please hear from you as to what your wishes are in this matter of preserving one of the landmarks of our Township?

Kindly contact either Leonard V. Stinson, Rector's Warden, or Robert Davies, Peoples' Warden for St. Stephen's Cemetery Board, made up of Mrs. Wilfred Mason, Mrs. Arthur Welch, Mrs. Ben Harrison and Mrs. Mary Oliver.

IMPAIRED DRIVER FROM NORLAND FINED \$200

A 39 year old Norland resident, Grant J. Glover, was fined \$200 and cost and his driving privileges were suspended for a period of six months or 15 days by Magistrate Ian Munroe in Lindsay Police Court last week, when he was found guilty of driving his car illegally when his ability to do so was impaired by the use of alcohol.

Provincial Police constable Albert Kea of the Coboconk detachment, told the court he investigated an accident in Norland which occurred at 12:05 a.m., August 28th., involving a car driven by the accused. He said he observed the car on the north side of highway 503 about 200 feet east of Highway 35. He said the front end of the car was lodged on the open porch of a residence in the area.

Constable Kea said the accused approached him at the scene and admitted being the driver of the car. He said the accused was unsteady on his feet, there was a strong smell of alcohol on his breath and his eyes were red and his speech was slurred and noticeably thick.

The constable said tire marks at the scene indicated the accused's vehicle had left the road on the north side and travelled 54 feet on the shoulder and across the lawn where the vehicle struck the porch. He said he estimated damage to the car at \$400 and to the porch approximately \$200. He said the porch was shifted on its foundation.

In registering a conviction, Magistrate Munro said he was convinced the accused had time to turn to meet the oncoming car, if it was there. He said there was no doubt in his mind the accused was impaired by the use of alcohol.

SPORTS

WITH BOB BEENEY

Minor Hockey in Minden is on its way once again, and a directors meeting is going to be held at Soup Campbell's house tonight. The meetings agenda will deal with winding up last years business and with organizing the annual general meeting that is expected to be held some time next week.

The annual meeting will deal with many aspects connected with the Minden Minor Hockey Association, but will deal mainly with the election of an executive for the 1966-67 hockey season.

Last year minor hockey in Minden was very successful with quite a bit of improvement in hockey players in general although I think that by far the greatest improvement was in the Mite division, under the capable supervision of Harry Cowan.

Each year the players who start playing in the Mite division are younger and by the end of the season the quality of play is much better than the year before.

Last year the association was hooked up with the Little N.H.L. and the teams involved performed very well and the squirts went to the finals in the consolation series before being knocked out of play.

The highlight of the year was the Little N.H.L. pee wee tournament held in Minden. It was the first of its kind in Haliburton County with teams competing from neighbouring centres. Fenelon Falls went on to win the tournament but inspired hockey was played by all teams.

From talk that I have heard around town this summer it appears that this coming season will prove to be the most successful that the association has enjoyed. It is expected that there will be a total of 100 or more boys playing hockey.

It has always amazed me how much value can be received for so little money. A player gets ice time for the season, transportation to practices and games out of town, good coaching and the use of a hockey sweater and socks for three or four dollars a year. In many other centres the charge is ten or fifteen dollars. The fee charged by the Minden Minor Hockey Association also includes insurance.

Two things make the organization successful and that is hard work and donations from private citizens, surrounding municipalities, business, service clubs and the recreation committee. Without these two ingredients the hockey program could never survive.

As soon as the executive for the new year is elected then plans will be initiated for the coming season.

Right now I can think of two things that can be improved. Firstly I think that the players need more ice time even though this is hard on the bank book. The teams must start to play earlier and as soon as ice is available at Haliburton the teams should start to practice. This has been the area that perhaps we have fallen back down on. We all realize that a youngster can only spend so many hours at the game of hockey, but it must also be realized that good clean athletics and supervision, certainly builds healthy bodies and active minds.

Secondly, it would help the quality of play if a regular league could be established for the teams to play in instead of the exhibition games that were the main stay last year.

I have many other areas in the minor hockey field that I would like to mention but the big wheel said I took up too much newsprint last week so I will enlarge on them in future columns.

HALIBURTON MAN FINED \$300 DANGEROUS DRIVING CHARGE

A \$300 fine and one year's suspension of his driving privileges was the penalty received by 26 year old Lawrence Warden of Haliburton when convicted on a charge of dangerous driving by Magistrate Ian Munro in Lindsay Police court last week. An additional fine of \$25 and cost was levied by the magistrate when the accused was convicted with having liquor illegally in a place other than his residence. A three month jail term was ordered in lieu of payment of the fines.

The dangerous driving charge was laid by Provincial Police following a two car accident near Miner's Bay on July 15th, which caused extensive damage and injured one person.

Provincial Constable Brooks of the Minden detachment told the court the accused had passed six northbound cars in a five mile hilly section of Highway 35 before going out of control and colliding with a southbound car driven by Eugene Luckuk of Toronto.

Constable Allan Brooks said when he arrived at the scene of the accident, the driver of all six cars that had been passed by the accused said they would gladly appear in court to testify as to the accused's manner of driving. The constable said some of the drivers claimed the accused passed them on a double solid line.

Constable Brooks said the vehicle driven by the accused travelled out of control for 220 feet before striking the southbound car.

Defense counsel Arthur Maloney said the brakes on the accused's car had grabbed when he pulled back into the traffic line and caused the car to go out of control.

Magistrate Ian Munro said the accused's record indicated he was not as capable as a driver as he should be.

REVOLUTIONARY SAW UNVEILED AT ANNIVERSARY

A totally new push-button electric starting chain saw has been announced by McCulloch of Canada Ltd., Toronto, and the company will show its first working models of the saw at sales meetings this week in Toronto and later in Vancouver, Quebec City and Moncton.

Termed the most important innovation in chain saws since McCulloch developed the one man chain saw, the push button starting unit provided immeasurable increased safety for the operator in that it virtually eliminates any effort required in starting the saw.

McCulloch's electric-start saw's debut comes on the company's 20th anniversary, and is claimed to be an innovation which will revolutionize the industry, it is the world's first and only electric strating chain saw.

MAPLE SYRUP MEETING

All Maple Syrup Producers are urged to attend the Provincial meeting in Lindsay on October 6th. We expect this meeting will result in a Provincial Maple syrup Producers' organization.

The objectives of this organization would be: (a) To encourage the development and expansion of the maple industry in Ontario. (b) To promote the best interest of all producers of maple products by:

(1) better woodlot management; (2) the use of new labour-saving scientific and practical methods of sap collection and syrup making; (3) up dating marketing of fine quality products.

(c) Public education emphasizing the value and use of maple products.

(d) To promote better marketing and higher returns to producers; (e) to establish regional associations;

(f) To work with governmental and farm organizations which have related interests for the betterment of the industry.

HORTICULTURAL SOCIETY MEETING

The Galway and Somerville Horticultural Society held a meeting, last Monday evening, at the home of Mrs. O. Barr, Kinmount.

The president, Mrs. J. Simpson was in charge of the meeting.

The minutes of the previous meeting were read and approved. Many items of business were discussed.

Those winning prizes at the Flower Show in August received their prizes. Mrs. O. Barr was the winner of the Eaton Trophy.

Lunch was served by the hostess.

HALIBURTON TUBERCULOSIS AND HEALTH ASSOCIATION HELD FIRST FALL MEETING

On Monday evening, September 19th, the Haliburton Tuberculosis and Health Association held their first meeting of the fall season with many members present after a busy summer season for most.

Mrs. R. Schofield, President, presiding in the chair, assisted by Mrs. Kenneth Banton, Secretary whom read the minutes of the last meeting along with correspondence. Mrs. Schofield regretfully informing all, Mrs. John Dobbie a fellow member being presently confined in the Western Hospital in Toronto. We wish her a speedy recovery.

Many topics of interest were discussed, Mr. Archie Stouffer of Minden informing the members of a gigantic meeting held in St. Petersburg Florida, pertaining to Emphysema during the "Stouffers" visit while there last winter

with thousands in attendance anxiously seeking knowledge regarding the dreadful malady plaguing i nour modern age.

Mr. Rea Stinson, Case Finding Chairman reported the association are continuing their Chest Clinic Examination centres throughout the remainder of 1966, bi-monthly, October 20th, 1966, Legion Hall, Haliburton, November 17th, Curling Rink, Minden, December 15th, Canadian Legion Hall, Haliburton. Time 1:30 to 3:30 p.m.

During the absence of Mrs. C. Howe, Chairman of Health Education whom unavoidably could not attend Mondays meeting, the members agreed to the distribution of beautifully illustrated Indian posters in elementary schools in the Haliburton area with different volunteering to distribute the posters in their immediate area, for school education health

program. In order the school children will also be enlightened of this dreaded disease Tuberculosis a health enemy to man.

A discussion regarding the forthcoming Christmas Seal Campaign proved interesting with a campaign letter being introduced by Mrs. Pat Waddell, Christmas Seal Campaign Chairman for the Haliburton branch of the association. The letter in question was accepted by all members present with a few minor changes. May we mention at this point the association are seeking volunteers to assist in the folding of Seals and appeal letter. Anyone whom would like to assist please phone Mrs. Kenneth Banton, Secretary, Minden 517R20. Your services would be greatly appreciated.

One need not be reminded the Fall Season is rapidly approaching with changing weather — Flue tim ewill be upon us — what to do:— Question Whom does influenza threaten?

CANADIAN IMPERIAL BANK OF COMMERCE

WEDDING SMITH - EASTWOOD

On Saturday, September 3, 1966 at 3:00 p.m., in St. Paul's Anglican Church, Minden, with its beautiful background of gladioli, the Reverend Thomas Gracie of Beeton, Ont., assisted by Rev. Charles Dymond, of Minden, officiated at the marriage of Ruth Ann Eastwood and Franklin James Smith. The bride is the daughter of Mr. and Mrs. John S. Eastwood of Minden, and the groom is the son of Mr. and Mrs. John Smith of 30 Esgore Dr., Toronto.

The solist, Miss Linda Eastwood of Greenwood, Ontario, sang "The Wedding Prayer", and "I'll Walk Beside You", accompanied by Mrs. Doreen James of Minden.

Given in marriage by her father, the bride wore a full length dress of white silk linen, featuring an empire waistline, a lace bodice, and a floor length train which caught at the waist. Her headdress was an elbow length veil of nylon tulle. She carried a cascade of rust coloured 'mums and small yellow roses.

Her maid of honour, Miss Bonnie Ford of Toronto, wore an A-line floor length gown of plain coral silk shantung. The bridesmaids, Miss Mary Eastwood and Kathryn Eastwood both sisters of the bride of Minden, wore A-line floor length gowns of flowered silk shantung. The maid of

honour and the bridesmaids all carried small baskets of gladioli. Their headdresses were rings made of the same material as the dresses.

William Ford, of Toronto, acted as best man for the groom, while Clarence Hewson of Whitby and Kenneth MacMillan of Toronto acted as ushers.

MacLean-Hunter Publication Features Emmerson Lumber Tool Rental Department

Wells Ritchie, well known writer for MacLean - Hunter Publications, featured a story on Emmerson Lumber tool rental department in the September issue of "Building Supply Dealer", a Merchandising Publication.

Mr. Ritchie was after information from manufacturers, distributors and retailers, whether or not this tool rental business was profitable. He found most of his answers from Bill Emmerson in Haliburton, and said, "If you're looking for enthusiasm about the profit in tool rentals, talk to Bill Emmerson of Emmerson Lumber Ltd. Haliburton, which people in Toronto regard as being in the northern part of the province.

That's the way Emmerson likes it, because he does half his tool rental business with these people during the cottage season — July

and August. The other half comes from "locals" who work on their own places during the other 10 months and do a lot of work on the Haliburton Highlands cottages of the summer people".

Bill Emmerson advises anyone wishing to get into this tool rental business in a big way, there are three very important factors that must be done. One he said, is proper record keeping. "You must keep records up to date, to enable you to keep an eye on every tool you have, to know whether it is out, or available to rent." Another item that Mr. Emmerson stressed was, "Don't buy cheap tools for the rental business. You've got to get into good, expensive industrial grades." Next he said, "Advertise your wares. In our case we use the local newspaper medium."

The Progress was very interested in this article on Emmerson Lumber, for it is pleasing to know that such a trade magazine would send a writer and photographer up here into Haliburton County, when so many existing retailers are at their fingertips in Southern Ontario. It proves one factor — business people here in our county, come second to none.

HALIBURTON TUBERCULOSIS AND HEALTH ASSOCIATION

(Continued from page 8)

Answer: Everyone — but certain groups are particularly vulnerable. Flu — epidemics have resulted in wide-spread misery, financial loss through job absence, in some cases loss of life.

Question: Are preventive steps possible?

Answer: Yes, Influenza vaccination isn't successful 100 per cent of the time, but the rate of effectiveness is high. Doctors recommend it for (a) people with chronic lung disorders, heart ailments, diabetes, or certain other chronic diseases; (b) women who are pregnant; (c) persons in crowded hospitals or other crowded surroundings (d) all persons over 45.

So dear readers take caution and visit your Doctor in order you, escape Possible misery, a suggestion you will not regret.
